TAKE DOWN FENCE

AROUND THE COURT HOUSE YARD, SO THE COURT SAYS.

TO BUILD FOUR WALKS

From the Four Corners of the Yard—Other Business Transacted by the Court in Session.

The old iron fence around the court house yard is to be taken down, and the county court made an order Friday for the county clerk to advertise for sealed bids on the fence, the bids to be filed with the County Clerk before 1:30 o'clock on Wednesday, March 4. The court reserves the right to reject any and all bids. It will add greatly to the appearance of the court house by taking the fence down, which has been up for a number of years.

The court will also build four new cement sidewalks from the four corners of the yard. This will be done within the next few months, and then the seats donated by the City Federation of Women's Clubs will be located.

The court granted on Friday a saloon license to John Kane for six months for his present place of business.

The court late Thursday afternoon raised the assessments of the several telephone and telegraph companies for the purpose of taxation for 1914. They were as follows:

Hanamo Telephone company, from $9,941.50 to $20,000.

Missouri-Kansas Telephone company, from $10,420.88 to $22,000.

Consolidated Telephone company of Skidmore, successors to the Nodaway Valley Telephone company, no assessment filed.

Western Union Telegraph and Cable company, from $6,724.20 to $12,000.

North Mutual Telephone company, from $876 to $1,000.

Sheridan Farmers Mutual, from $234 to $500.

St. Joseph Home Long Distance Telephone company, no assessment filed.

Postal Telegraph and Cable company, from $10,195.46 to $20,000.

The court ordered that a deed or patent be duly executed by the presiding judge of the court and attested by the clerk under the seal of the court to John Bryant to lot 7, block 11, in the town of Parnell, owned by said county. Bryant purchased the lot recently.

CULVER'S BRED SOW SALE.

To Be Held at Barnard on Wednesday, February 11—To Sell Forty-Five Head.

In the Duroc Bulletin of Peoria, Ill., appears a write-up of the bred sow sale to be held by O. T. Culver, which is as follows:

At his farm, near Barnard, Mo., Wednesday, February 11, 1914, forty-five head, three aged sows by White Cloud Chief, a good son of the great old Ohio Chief; one aged sow by J. R.'s Chief, thirteen fall gilts by O. T.'s Chief, and twenty-eight gilts by O. L.'s Model, all bred to Col. Protection, Jr., champion St. Joseph fair, 1911. O. T.'s Model is sired by Iowa Model, grand champion at same show. Col. Protection is one of the strongest bred Col. and Protection boars I know of, and as an individual he is there with the goods, a good, big, smooth boar, with the best of bone and feet, splendid color, and his offspring are a reproduction of their great sire. This boar was purchased from a Mr. Wright, who showed and used him for the past two years. Mr. Culver just has a fall crop of pigs by him, but I tell you they are dandies, and you never saw a better colored bunch of pigs. The great attraction in this sale are two splendid granddaughters of old Ohio Chief. They are both breat big, smooth sows, and one would make a great show in 1914. They are just simply crackerjacks. In fact, the writer suggested that Mr. Culver keep such sows in his herd, but the reply was: "This is my first sale, and I am going to put in the best I have got," and that is just what Mr. Culver is doing, when he sells those two splendid granddaughters of the greatest boar that ever lived, Ohio Chief. Remember granddaughters are about as close as you can get to the great old hero. Then crossing these sows with Col. Protection, what will the harvest be? Answer: As splendid bred lot of Col., Ohio Chief and Protection pigs as ever was farrowed on Missouri soil.

Mr. and Mrs. Guy Swartz of Stanberry went to Creston Friday to make their home.

ON CONSOLIDATION

GRAHAM TO VOTE ON CONSOLIDATED HIGH SCHOOL.

MEETS WITH FAVOR

Looks as Though It Would Carry—Several Districts Are Interested in the Plan.

The election to vote on a consolidated high school will be held Monday, February 23, at 2 o'clock at the school building in Graham, the districts in the proposed move being Graham, Hayzlett, Stark, Lyle and Hickory Grove. Much favorable comment for the consolidation for high school purposes is heard on all sides in those districts, and it looks as if the proposition will carry.

If the proposition carries the school will receive $800 a year from the state.

All of the districts will retain their grade schools as they are now at present, but those wishing to go on higher in their studies can do so, as the proposed move means a regular high school course. The high school will probably be located at Graham, but that will also be determined upon at the election.

POSTMASTER AT PORT HURON.

John S. Wittliff Appointed in Michigan City by President Wilson.

A Maryville boy of thirty years ago has been appointed postmaster at Port Huron, Mich., by President Wilson. His name is John S. Wittliff. His father was Stephen Wittliff, who had a little tailor shop in Maryville, at the place where L. R. Holt's implement store now is, on North Main street. There were seven children in the family, and Mr. Wittliff and his wife had a hard struggle in caring for their children. The children attended St. Mary's school, and John Hansen and Conrad Yehle remember the boys very well. The family left Maryville thirty years ago and settled at Port Huron. The children continued their school work and all have prospered.

John Wittliff began his business career when a small boy as a newsy for one of the Port Huron papers, and several years later as general agent there for the Detroit Free Press. Eight years ago he went into the insurance business and now has one of the largest agencies in that section of Michigan. He became prominent in Democratic politics early and is one of the best known politicians in that section. There were four other applicants for the place, all of them leaders in the party at Port Huron. The salary of the postmaster at Port Huron is $3,400 per year.

Mr. Wittliff has four brothers, all of whom are doing well. Joseph Wittliff is in a wholesale business in Detroit and his youngest brother, Leo, assists him in the business. Stephen Wittliff, Jr., is now the Rev. Fr. Wittliff of Brighton, Mich. Aloysis Wittliff is in the employ of the government as electrician at Golden Gate Port, San Francisco. Of the two daughters of the family, Pauline, the eldest daughter, died. The other daughter is the wife of a traveling salesman at Detroit. With her husband and her brother, Rev. Fr. Wittliff, she visited Maryville two days two years ago and called on old schoolmates. Fr. Wittliff occupied the pulpit of St. Mary's church upon invitation of Fr. Anselm, who was his pastor when he was a small boy.

Judge I. K. Alderman and son, Vern Alderman, who is visiting here, went to St. Joseph Thursday evening to visit a day with Mr. and Mrs. Dale V. Alderman. They will go to Kansas City on a business trip before their return.

Misses Allie and Bertha Beal went to St. Joseph Friday morning for the day.

Miss Jennie Rogers of Barnard returned home Thursday evening from her visit with Mr. and Mrs. J. T. Karr.

Going to Church is a Patriot's Privilege.

Following is an extract from a sermon delivered last Sunday on Go-to-Church Sunday by Newell Dwight Hillis, pastor of Plymouth church, Brooklyn, N. Y..

What every lover of his country owes to the Sunday school and the church—The republic rests upon three pillars: God's church, God's book and God's day. Overthrow any one of the three supports, and the whole structure falls.

Of late, some of our wisest statesmen and jurists have expressed alarm as to the future of our institutions.

Ten thousand murders in one year, the revelations of graft and corruption, the increase of lawlessness, the break down of the family relation, have stirred the note of alarm.

The attendance upon Bible schools has fallen off in twenty years until there are ten million children and youth now without regular instruction in morals.

In giving the ballot, our fathers presupposed that every voter would be a patriot toward his country, a scholar toward his intellect, and a Christian toward the laws of his country and his God.

Was Daniel Webster right in his statement that free institutions could not long survive the loss of the American Sunday and the neglect of moral instruction in the church once each week?

Was Goldwin Smith right in saying that when religion and morality go, morality will soon follow?

Was Herbert Spencer correct when he said that the neglect of moral education would be followed by immense bloodshed in England and civil war in the United States?

Plainly these are critical hours for the republic. The time has come when every citizen must ask whether a man can be a patriot and love his country, and at the same time, by his example, break down the church as a college of morals and the Sunday as the workingman's library day, his college day, his one day for brooding, when his children may find themselves.

TO PLAY WILLIAM JEWELL.

The Normal Team to Combat With Liberty College Team This Friday Evening.

What will be the result of the game to-night? Tarkio defeated William Jewell last night 29-26 in a very hotly contested game. Jewell expected to romp away with Tarkio, and expect to have an easy victory tonight. Last night's score assures Maryville fans of a very fast game tonight. With their regular line-up the Normalites expect to give Jewell a mighty hard tussle, though they will be greatly handicapped by the size of their opponents, but with luck breaking their way they stand a good chance to get away with the long end of the score.

The gymnasium will be comfortably heated and ample seating capacity will be provided. The doors to the gymnasium will be opened at 7:40, but you can get into the Normal building any time after 7 o'clock.

No one interested in basket ball can afford to miss the game this evening, as it will be three weeks before the Normal will play another game at home.

The Normal line-up for tonight will be as follows: Vandersloot, F.; Watson, F.; Quinn, C.; McReynolds, G., and Ford, Powell and Miller will serve as utility men. Hanson of Benton high school of St. Joseph will act as official.

WENT TO ST. JOSEPH.

Deputy Sheriff Dee Callahan Went to That City to Arrest a Man Wanted in Conception.

Deputy Sheriff Dee Callahan went to St. Joseph Friday morning to arrest a man that is wanted in Conception for stealing a trunk. As the story is told, the man owed a board bill and gave his trunk to the landlord, and then stole the trunk, escaping to St. Joseph.

A COLD WAVE HERE

ACCOMPANIED BY SNOW AND MUCH WIND.

CHANGE KEENLY FELT

Indications Are That It Will Go to Several Degrees Below Zero Tomorrow Morning.

The first real cold wave and blizzard of the winter struck Maryville today, accompanied by snow and wind, and the indications are that it will go to several degrees below zero tomorrow morning.

Up to last night the winter had been one of the most moderate in the history of Maryville. At no time has the mercury fallen below ten degrees. The sudden change after a long period of mild weather likely will be felt more than had the preceding days been less mild.

This morning at 7 o'clock the government thermometer registered 2 above zero, the coldest morning this winter. At 8:30 o'clock this morning the mercury had gone down to zero, and at 2 o'clock this afternoon it was down to 2 below zero, with indications that it will still keep going down.

The forecast predicts snow, and Saturday colder.

NEARLY NINETY-FIVE YEARS OLD.

Mrs. Thomas Joy of Conception Passed Away at Home of Daughter Thursday Night—Funeral Sunday.

Mrs. Thomas Joy, a pioneer woman of the Conception vicinity, died of old age Thursday night about 11 o'clock at the home of her daughter, Mrs. Maurice Egan, five miles southwest of Clyde. She would have been 95 years old the coming June.

The funeral services will be held Sunday morning at 9:30 o'clock at Conception abbey church. Burial in St. Columbus cemetery.

Mrs. Joy is survived by two daughters, Sister Mary Anselma of St. Benedictine convent of Clyde and Mrs. Egan. Another daughter, Mrs. Michael Allen, died at Devil's Lake, N. D., six years ago. A son died in infancy.

Mrs. Joy's maiden name was Harmon, and she is a sister of Patrick Harmon, who died at Conception about two years ago. They lived together after the death of her husband, which occurred twenty years ago, Mrs. Joy being abundantly able to attend to household duties.

She was a native of County Carey, Ireland, as was also her husband. They were married in England and came to America soon after their marriage. She knew many of the hardships of pioneer life. With her husband she came to St. Joseph about the year 1847, and went on into Colorado to a mining place called Black Hawk, near Denver. Her husband worked in the gold mines and she made bread for the miners. When they had made enough money to invest in land they returned to Missouri after ten years and settled with the Conception colony near Conception, buying a piece of land three miles west of Conception. After the death of her husband she and her brother moved to Conception to be near the church and lived there until his death, about two years ago.

She was an interesting and entertaining talker and could hold the attention of anyone with her tales of pioneer life.

GREAT GOOD WAS DONE.

"Go-to-Church Day" in Kansas City a Great Success.

Where many were gathered together praying.—Acts 12:12.

A spontaneous movement—Go-to-Church Sunday—was not without organization of a kind. Nearly every church had some particular method whereby it sought to gather in the fullest attendance possible. The Rev. Harry C. Rogers of the Linwood Boulevard Presbyterian church spoke for many of his fellow ministers when he said: "To me the attendance today is the greatest tribute to the power of publicity that I have ever known. To the newspapers more than to any other one source is due the tremendous response to our pleas for a full attendance; to our request that at least one day in one year shall wholly belong to the Master." At the Linwood Presbyterian church an overflow meeting of four hundred was necessary.

The Rev. C. A. Arnold of the Grace Presbyterian church got ten new members without a plea. They just came forward under "the spirit of the day," he said. "It was the spirit of Christ. In my ministerial experience here and elsewhere I have never seen it bettered."

The Rev. Frank Smith of the First Congregational church said the "Go-to-Church Day" far surpassed the student volunteer movement in religious importance. "There is no comparison," he said. "There was never such a day in the history of Kansas City—or, I think, of any other city. One hundred old members who had gotten lax in their church attendance and whose faces I had missed I had with me today. To its successful accomplishment too much praise cannot be given to the Kansas City Star. Of all the good things it has accomplished, none has been so great and good. Colonel Hunter's editorial will rank high in published religious exhortation."

This editorial which was given to the press in advertising form was commented upon at seven of the church services yesterday morning.

Colonel Hunter today has the joy uncommon to prophets in their own country—a prophecy fulfilled.

"A half million souls will," he said, "come within the radius of this splendid influence and the amount of calm reason, thought and reflection caused by this solid phalanx will raise the average of mankind.

"As a unit of power you chould be in the ranks tomorrow.

"On Monday telegraph and cable will give the widest publicity to the news, and tell people of all castes, color and estate what Kansas City people can do when they unite for one purpose.

"Let us astound the world with the magnificence of numbers, the significance of the move and the loyalty of our free people to the institution and the cause it stands for."

"Never," said one preacher, "has God been so near Kansas City."

The effect of this enormous amount of religious pressure on Kansas City cannot be overestimated. It is certain that of the eight thousand forme members who went back to a church for the first time in years many hundreds, in addition to the thousand odd who notified ministers of their intention to do so, will rejoin. At least thirty thousand of the attendance in the greater city was of persons who had not been in a church for more years than they cared to tell about. That the day will result in at least twenty thousand new or revived church memberships was the estimate of one of the conservative ministers.—Kansas City Times.

Some Telephone Facts

Recent issues of the two local daily papers have contained "communications" regarding matters in controversy between members of the board of managers of the Peoples Telephone Union, in which reference was made to the Hanamo Telephone company. In a news article in the Maryville Daily Tribune of February 2, the following statements were made:

"Previous to the consolidation of the Hanamo and the Bell in this city the Farmers company had connection with the Bell long distance, but the service was discontinued when the consolidation was effected. The farmers have missed the convenience very greatly and the company has been endeavoring to get it restored for some time."

The unmistakable inference to be drawn from the statements quoted is that long distance service over the Bell lines, through the Hanamo Telephone company's switchboards, has been refused by these two companies since the consolidation of their local exchanges.

When the Hanamo Telephone company canvassed the subscribers of its own and the Missouri and Kansas Telephone company's local exchange in December, 1912, with a view to ascertaining whether the proposed merger of the two exchanges would meet with their approval, the assurance was given that the Hanamo Telephone company would live up to all existing written contracts which either company had with outside parties, if the consolidation was consummated. The same assurance was given to the mayor and board of aldermen of the city and to the public generally.

The article quoted therefore puts before the public the indirect charge that the Hanamo Telephone company has been guilty of a breach of faith with its subscribers, with the Bell subscribers, with the mayor and board of aldermen, and with the general public.

As this charge is wholly unfounded, the Hanamo Telephone company feels it owes it to itself and to the public to state that it has not refused to furnish long distance service over the Bell lines through its own switchboards to the subscribers of the Peoples Telephone Union. Furthermore, it always has been and still is ready to do so.

When the consolidation of the Bell and Hanamo local exchanges was effected on January 1, 1913, there was outstanding a contract between the Missouri and Kansas Telephone company and the Peoples Telephone Union for interchange of local and long distance service at a switching charge of 5 cents per local connection and a commission on long distance toll charges. The contract was dated July 30, 1910.

The sixth clause of this contract provided:

"This contract shall be and remain in force until the first day of August, 1911, and thereafter for terms of one year each unless thirty days written notice shall be given by one party to the other, of an intention to terminate the same at the end of any such period, unless sooner determined, as herein provided."

On June 28, 1913, the Peoples Telephone Union served the Hanamo Telephone company with written notice, as provided in the above quoted clause of said contract, that they desired to terminate the same on August 1, 1913. At 7 a. m. on that day the service was refused us by the Peoples Telephone Union, and they later discontinued the trunks between the two offices.

At the next meeting of the board of managers of the latter company, representatives of the Hanamo company appeared and requested them to reconsider this action and continue the contract, but to no avail. They then expressed their willingness to confer with the Peoples Telephone Union as a body, or with a committee appointed by them, for the purpose of formulating a new contract agreeable to both parties, but this was also declined. The Hanamo Telephone company made several attempts to arrange satisfactory terms for local and long distance connections between the two exchanges. The Bell company also had representatives here in the interest of a toll connection.

The Hanamo Telephone company also offered them a proposition to take their lines into their system, meeting them at the city limits and furnishing all wires, poles, instruments and equipment within the city limits, and all directories and switchboard service, at the same rate the subscribers of the Peoples Telephone Union are now paying—50 cents per telephone per month, without any liability for any assessments of any kind. They refused to consider any of the propositions made them, and ever since have persisted in the same attitude.

MARY DUNLAP IS GREAT.

Toasted at New York Banquet as One of Four Strongest Women in Business World—Reared in Maryville.

Miss Mary Dunlap of Chicago, with the Carson-Pirie firm, whom many Maryville people will remember as the daughter of Mrs. Lillie Nelson, who conducted a millinery business for several years in this city, is regarded as one of four women who are the strongest of their sex in the world of buying and selling goods. And she heads the list.

Miss Dunlap has been with the Chicago firm several years and has charge of the firm's business in foreign markets. She makes two buying trips a year to Europe, and takes her mother with her.

Mrs. Nelson is the daughter of the late Mrs. Catherine Walker of Maryville. Their home was at 1222 East Second street, west of John Wallace's residence, and it is still known as the Walker place.

Mary Dunlap grew from babyhood to girlhood in Maryville, and was known by everyone, more because of her beautiful appearance rather than personal acquaintance, for her disposition was retiring and completely unassuming. She attended the public schools and from childhood was a devoted attendant on the Sunday school and other services of the Buchanan street Methodist church. She did not finish the high school, but attended Ewing's Business college and took the business course. At the age of 15 she was ready to take a position in the city, and with her mother went to Kansas City to begin the struggle to retrieve a broken fortune. She was a success from the start. She was successively employed at Doggett's, Peck's and later with Emery-Bird-Thayer, where her fine ability in buying and selling was discovered. She was a favorite everywhere, her charming personality, enhanced by a fine, strong Christian character that has always been her chief asset, winning an enviable place with all her business associates.

Her place in the business world has not been told by herself. The fact came out a few days ago in a story in the Kansas City Star that contained an interview with a successful Kansas City business woman, Miss Rose Esterly, who employs 200 girls and women in her business that is limited to the needs of women. Miss Esterly has made remarkable progress in business and is still a young woman. She began at the age of 15 at a handkerchief counter and is now on an income.

Not long ago, at the big dinner given for the principals of trade in New York City, four women were toasted as the strongest of their sex in the world of buying and selling goods. They were named in the following order. Our Mary Dunlap, with Carson-Pirie of Chicago; Miss Rose Esterly of Kansas City; Miss Mary Walls of the John Wanamaker store in Philadelphia, and Mrs. Cox, with Marshall-Field of Chicago.

In an interview Miss Esterly granted the Kansas City Star reporter, she said:

"There is one fact in business success that took me a long time to learn." "It was the value of locking my business cares into my shop at night, instead of taking them home with me. 'Leave your business at 6 o'clock. Don't give it a thought until you return to the store in the morning,' is the advice I give my employees."

"I was saying," she continued, after a small avalanche of interruptions, "that modesty is a great factor in success in anything. I want to emphasize that. For the moment any woman or any man either sees her or himself in the light of a successful being—a person in an impregnable fortress of success—he had better look out. It is well always to remember the ravening monster—to watch for the hidden teeth. Snobbishness is as harmful as conceit. The business woman should be sympathetic above all things, and she need sacrifice none of her womanly qualities to her business career. I am glad to say that I am in as close contact with my youngest stock girl as with my head suit buyer, and that I will as quickly take a suggestion from her."

Miss Esterly leaves the impression that she will go much further than she has yet gone, and that her large business vision—business imagination, to be accurate—will keep her always seeing a tremendous way ahead of her. Where the girl of 15 used her imagination to work a bluff in buying handkerchiefs, the woman will construct business chances understandingly, take each step where the footing is secure.

Drive Fence Troubles Off the Farm

No Fence Outlasts the Post

And the day of the wood post is past.

Steel Fence posts are frost proof and weather proof. They won't break or bend out of shape. Vermin can't damage them. Weeds and rubbish can be burned along fence. They are elastic, indestructible and last a lifetime. They stop all post expense.

Apex Steel Fence Posts

are the best fence post bargains, because they are made of high carbon angle steel, the toughest and most elastic metal for the purpose.

Cost no more than cedar posts, if you count cost of setting and tamping wood posts, and last four times as long.

The only post for replacing wood posts in a line of woven fence, because they can be driven right down beside the fence and save the ugly job of digging holes in such places.

The best, because made by practical fence men who know the business, and made right.

Let us show you the post and talk it over.

HIGH SCHOOLS GET A FUND

Missouri Cities Having Normals Are Not in List for Aid.

Practically all of the high schools in cities and towns of any size in Missouri, except those towns where state normal schools are located, will receive portions of the $25,225 of state money released today by State Auditor Gordon, on the authorization of State Superintendent of Schools Evans. The money is to aid in the establishment of teachers' training courses in high schools, and goes to schools where there has been compliance with the law passed by the last legislature. The money is awarded, however, only after the courses have been inspected and approved by the state superintendent.

So far as is known there was no provision preventing Kirksville, Maryville, Cape Girardeau, Warrensburg and Springfield from establishing the course and sharing the fund, but as a matter of fact that amount of money received from the state would not cover the expense of the course, and the towns containing normal schools took the position that it would be poor policy to have teacher courses when the big state institutions for that purpose were so close at hand.

The money released goes to the following towns:

Savannah $375; Mexico $300; Vandalia $300; Monett $375; Lamar $375; Butler $375; Centralia $300; Columbia $300; Poplar Bluff $375; Hamilton $375; Fulton $375; Jackson $375; Carrolton, $375; Eldorado Springs, $375; Brunswick $300; Salisbury $300; Liberty, $375; Jefferson City, $375; Plattsburg $375 Boonville $375; Greenfield $375; Gallatin $375; Salem $375; Campbell $300; Malden $300; Washington $375; Albany $375; Trenton $375; Bethany $375; Clinton $300; Windsor $300; Fayette $375; West Plains $375; Ironton $375; Carthage $200; Joplin $200; Webb City $200; De Soto $375; Holden $375; Edina $375; Lebanon $375; Lexington $375; Aurora $375; Troy $375; Brookfield $375; Chillicothe $375; Macon $375; Fredericktown $375; Hannibal $300; Palmyra $300; Princeton $375; Eldon $375; Charleston $375; California $375; Monroe City $300; Paris $300; Montgomery City $375; Neosho $375; Bowling Green $375; Weston, $375; Bolivar $375; Unionville $375; Perry $375; Huntsville $375; Richmond $375; Doniphan $375; Flat River $375; Marshall $375; Memphis $375; Shelbina $375; Dexter $375; Nevada $375.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advertisement.

COUGH TWO YEARS OLD.

Yields to Vinol—Read Why.

Strong, vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your run down condition again?

Mrs. D. A. McGee of Waycross, Ga., says: "I had a chronic cold and cough which kept me awake nights for two years and I felt tired all the time. Vinol cured my cough and I feel stronger in every way."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood building iron added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system.

You can get your money back any time if Vinol does not do all we say. Orear-Henry Drug Co., Maryville, Mo. —Advertisement.

Envy.

All the children on our block,
Just exceptin' me,
Have had the mumps and measles,
And they're proud as they can be.

I never get the measles,
Nor nothin' nice like that;
I just keep on bein' healthy,
And gettin' big and fat.

And all the others have some folks
What's dead and in the sky,
But no one in my family
Was ever known to die.

My father's never out of work,
My mother never faints;
We must be awful common,
'Cause we ain't got any complaints.

It might be of interest to you to know that I am in the best of health that I have had for years; in fact, the best of my life. I am on duty twenty-four hours each day; that is, I am subject to night calls. Am studying all the time. Am on the fifth month, with bright prospects of being able to do my time to get back to my work. I am proud of my standing with the officials of this place, as I have been allowed to go outside alone to visit patients (charity, of course) since my third week here. Went out to see one patient every day for twenty-four days and patient got well. If I could have had a personal acquaintance with Judge Ellison and George Pat Wright, I feel sure they would have been more lenient with me. However, I hope they will see fit to say a word for me soon to the board. By getting your paper each day I can keep up. J. E. NEELY, M. D.

TAKE DOWN FENCE

AROUND THE COURT HOUSE YARD, SO THE COURT SAYS.

TO BUILD FOUR WALKS

From the Four Corners of the Yard—Other Business Transacted by the Court in Session.

The old iron fence around the court house yard is to be taken down, and the county court made an order Friday for the county clerk to advertise for sealed bids on the fence, the bids to be filed with the County Clerk before 1:30 o'clock on Wednesday, March 4. The court reserves the right to reject any and all bids. It will add greatly to the appearance of the court house by taking the fence down, which has been up for a number of years.

The court will also build four new cement sidewalks from the four corners of the yard. This will be done within the next few months, and then the seats donated by the City Federation of Women's Clubs will be located.

The court granted on Friday a saloon license to John Kane for six months for his present place of business.

The court late Thursday afternoon raised the assessments of the several telephone and telegraph companies for the purpose of taxation for 1914. They were as follows:

Hanamo Telephone company, from $9,941.50 to $20,000.

Missouri-Kansas Telephone company, from $10,420.88 to $22,000.

Consolidated Telephone company of Skidmore, successors to the Nodaway Valley Telephone company, no assessment filed.

Western Union Telegraph and Cable company, from $6,724.20 to $12,000.

North Mutual Telephone company, from $876 to $1,000.

Sheridan Farmers Mutual, from $234 to $500.

St. Joseph Home Long Distance Telephone company, no assessment filed.

Postal Telegraph and Cable company, from $10,195.46 to $20,000.

The court ordered that a deed or patent be duly executed by the presiding judge of the court and attested by the clerk under the seal of the court to John Bryant to lot 7, block 11, in the town of Parnell, owned by said county. Bryant purchased the lot recently.

CULVER'S BRED SOW SALE.

To Be Held at Barnard on Wednesday, February 11—To Sell Forty-Five Head.

In the Duroc Bulletin of Peoria, Ill., appears a write-up of the bred sow sale to be held by O. T. Culver, which is as follows:

At his farm, near Barnard, Mo., Wednesday, February 11, 1914, forty-five head, three aged sows by White Cloud Chief, a good son of the great old Ohio Chief; one aged sow by J. R.'s Chief, thirteen fall gilts by O. T.'s Chief, and twenty-eight gilts by O. L.'s Model, all bred to Col. Protection, Jr., champion St. Joseph fair, 1911. O. T.'s Model is sired by Iowa Model, grand champion at same show. Col. Protection is one of the strongest bred Col. and Protection boars I know of, and as an individual he is there with the goods, a good, big, smooth boar, with the best of bone and feet, splendid color, and his offspring are a reproduction of their great sire. This boar was purchased from a Mr. Wright, who showed and used him for the past two years. Mr. Culver just has a fall crop of pigs by him, but I tell you they are dandies, and you never saw a better colored bunch of pigs. The great attraction in this sale are two splendid granddaughters of old Ohio Chief. They are both breat big, smooth sows, and one would make a great show in 1914. They are just simply crackerjacks. In fact, the writer suggested that Mr. Culver keep such sows in his herd, but the reply was: "This is my first sale, and I am going to put in the best I have got," and that is just what Mr. Culver is doing, when he sells those two splendid granddaughters of the greatest boar that ever lived, Ohio Chief. Remember granddaughters are about as close as you can get to the great old hero. Then crossing these sows with Col. Protection, what will the harvest be? Answer: As splendid bred lot of Col., Ohio Chief and Protection pigs as ever was farrowed on Missouri soil.

Mr. and Mrs. Guy Swartz of Stanberry went to Creston Friday to make their home.

ON CONSOLIDATION

GRAHAM TO VOTE ON CONSOLIDATED HIGH SCHOOL.

MEETS WITH FAVOR

Looks as Though It Would Carry—Several Districts Are Interested in the Plan.

The election to vote on a consolidated high school will be held Monday, February 23, at 2 o'clock at the school building in Graham, the districts in the proposed move being Graham, Hayzlett, Stark, Lyle and Hickory Grove. Much favorable comment for the consolidation for high school purposes is heard on all sides in those districts, and it looks as if the proposition will carry.

If the proposition carries the school will receive $800 a year from the state.

All of the districts will retain their grade schools as they are now at present, but those wishing to go on higher in their studies can do so, as the proposed move means a regular high school course. The high school will probably be located at Graham, but that will also be determined upon at the election.

POSTMASTER AT PORT HURON.

John S. Wittliff Appointed in Michigan City by President Wilson.

A Maryville boy of thirty years ago has been appointed postmaster at Port Huron, Mich., by President Wilson. His name is John S. Wittliff. His father was Stephen Wittliff, who had a little tailor shop in Maryville, at the place where L. R. Holt's implement store now is, on North Main street. There were seven children in the family, and Mr. Wittliff and his wife had a hard struggle in caring for their children. The children attended St. Mary's school, and John Hansen and Conrad Yehle remember the boys very well. The family left Maryville thirty years ago and settled at Port Huron. The children continued their school work and all have prospered.

John Wittliff began his business career when a small boy as a newsy for one of the Port Huron papers, and several years later as general agent there for the Detroit Free Press. Eight years ago he went into the insurance business and now has one of the largest agencies in that section of Michigan. He became prominent in Democratic politics early and is one of the best known politicians in that section. There were four other applicants for the place, all of them leaders in the party at Port Huron. The salary of the postmaster at Port Huron is $3,400 per year.

Mr. Wittliff has four brothers, all of whom are doing well. Joseph Wittliff is in a wholesale business in Detroit and his youngest brother, Leo, assists him in the business. Stephen Wittliff, Jr., is now the Rev. Fr. Wittliff of Brighton, Mich. Aloysis Wittliff is in the employ of the government as electrician at Golden Gate Port, San Francisco. Of the two daughters of the family, Pauline, the eldest daughter, died. The other daughter is the wife of a traveling salesman at Detroit. With her husband and her brother, Rev. Fr. Wittliff, she visited Maryville two days two years ago and called on old schoolmates. Fr. Wittliff occupied the pulpit of St. Mary's church upon invitation of Fr. Anselm, who was his pastor when he was a small boy.

Judge I. K. Alderman and son, Vern Alderman, who is visiting here, went to St. Joseph Thursday evening to visit a day with Mr. and Mrs. Dale V. Alderman. They will go to Kansas City on a business trip before their return.

Misses Allie and Bertha Beal went to St. Joseph Friday morning for the day.

Miss Jennie Rogers of Barnard returned home Thursday evening from her visit with Mr. and Mrs. J. T. Karr.

William Jewel College vs. Maryville Normal

Friday, February 6th, 8 p. m.

"EVERYBODY-GO-TO-CHURCH DAY" Is SUNDAY, FEBRUARY 8 In Maryville.

Choose any church, but go to church.
Morning worship at 11 a. m.
Evening worship at 7.30 p. m.
Sunday school at 9:30 a. m.

Going to Church is a Patriot's Privilege.

Following is an extract from a sermon delivered last Sunday on Go-to-Church Sunday by Newell Dwight Hillis, pastor of Plymouth church, Brooklyn, N. Y.:

What every lover of his country owes to the Sunday school and the church—The republic rests upon three pillars: God's church, God's book and God's day. Overthrow any one of the three supports, and the whole structure falls.

Of late, some of our wisest statesmen and jurists have expressed alarm as to the future of our institutions.

Ten thousand murders in one year, the revelations of graft and corruption, the increase of lawlessness, the break down of the family relation, have stirred the note of alarm.

The attendance upon Bible schools has fallen off in twenty years until there are ten million children and youth now without regular instruction in morals.

In giving the ballot, our fathers presupposed that every voter would be a patriot toward his country, a scholar toward his intellect, and a Christian toward the laws of his country and his God.

Was Daniel Webster right in his statement that free institutions could not long survive the loss of the American Sunday and the neglect of moral instruction in the church once each week?

Was Goldwin Smith right in saying that when religion and morality go, morality will soon follow?

Was Herbert Spencer correct when he said that the neglect of moral education would be followed by immense bloodshed in England and civil war in the United States?

Plainly these are critical hours for the republic. The time has come when every citizen must ask whether a man can be a patriot and love his country, and at the same time, by his example, break down the church as a college of morals and the Sunday as the workingman's library day, his college day, his one day for brooding, when his children may find themselves.

TO PLAY WILLIAM JEWELL.

The Normal Team to Combat With Liberty College Team This Friday Evening.

What will be the result of the game to-night? Tarkio defeated William Jewell last night 29-26 in a very hotly contested game. Jewell expected to romp away with Tarkio, and expect to have an easy victory tonight. Last night's score assures Maryville fans of a very fast game tonight. With their regular line-up the Normalites expect to give Jewell a mighty hard tussle, though they will be greatly handicapped by the size of their opponents, but with luck breaking their way they stand a good chance to get away with the long end of the score.

The gymnasium will be comfortably heated and ample seating capacity will be provided. The doors to the gymnasium will be opened at 7:40, but you can get into the Normal building any time after 7 o'clock.

No one interested in basket ball can afford to miss the game this evening, as it will be three weeks before the Normal will play another game at home.

The Normal line-up for tonight will be as follows: Vandersloot, F.; Watson, F.; Quinn, C.; McReynolds, G., and Ford, Powell and Miller will serve as utility men. Hanson of Benton high school of St. Joseph will act as official.

WENT TO ST. JOSEPH.

Deputy Sheriff Dee Callahan Went to That City to Arrest a Man Wanted in Conception.

Deputy Sheriff Dee Callahan went to St. Joseph Friday morning to arrest a man that is wanted in Conception for stealing a trunk. As the story is told, the man owed a board bill and gave his trunk to the landlord, and then stole the trunk, escaping to St. Joseph.

A COLD WAVE HERE

ACCOMPANIED BY SNOW AND MUCH WIND.

CHANGE KEENLY FELT

Indications Are That It Will Go to Several Degrees Below Zero Tomorrow Morning.

The first real cold wave and blizzard of the winter struck Maryville today, accompanied by snow and wind, and the indications are that it will go to several degrees below zero tomorrow morning.

Up to last night the winter had been one of the most moderate in the history of Maryville. At no time has the mercury fallen below ten degrees. The sudden change after a long period of mild weather likely will be felt more than had the preceding days been less mild.

This morning at 7 o'clock the government thermometer registered 2 above zero, the coldest morning this winter. At 8:30 o'clock this morning the mercury had gone down to zero, and at 2 o'clock this afternoon it was down to 2 below zero, with indications that it will still keep going down.

The forecast predicts snow, and Saturday colder.

NEARLY NINETY-FIVE YEARS OLD.

Mrs. Thomas Joy of Conception Passed Away at Home of Daughter Thursday Night—Funeral Sunday.

Mrs. Thomas Joy, a pioneer woman of the Conception vicinity, died of old age Thursday night about 11 o'clock at the home of her daughter, Mrs. Maurice Egan, five miles southwest of Clyde. She would have been 95 years old the coming June.

The funeral services will be held Sunday morning at 9:30 o'clock at Conception abbey church. Burial in St. Columbus cemetery.

Mrs. Joy is survived by two daughters, Sister Mary Anselma of St. Benedictine convent of Clyde and Mrs. Egan. Another daughter, Mrs. Michael Allen, died at Devil's Lake, N. D., six years ago. A son died in infancy.

Mrs. Joy's maiden name was Harmon, and she is a sister of Patrick Harmon, who died at Conception about two years ago. They lived together after the death of her husband, which occurred twenty years ago, Mrs. Joy being abundantly able to attend to household duties.

She was a native of County Carey, Ireland, as was also her husband. They were married in England and came to America soon after their marriage. She knew many of the hardships of pioneer life. With her husband she came to St. Joseph about the year 1847, and went on into Colorado to a mining place called Black Hawk, near Denver. Her husband worked in the gold mines and she made bread for the miners. When they had made enough money to invest in land they returned to Missouri after ten years and settled with the Conception colony near Conception, buying a piece of land three miles west of Conception. After the death of her husband she and her brother moved to Conception to be near the church and lived there until his death, about two years ago.

She was an interesting and entertaining talker and could hold the attention of anyone with her tales of pioneer life.

GREAT GOOD WAS DONE.

"Go-to-Church Day" in Kansas City a Great Success.

Where many were gathered together praying.—Acts 12:12.

A spontaneous movement—Go-to-Church Sunday—was not without organization of a kind. Nearly every church had some particular method whereby it sought to gather in the fullest attendance possible. The Rev. Harry C. Rogers of the Linwood Boulevard Presbyterian church spoke for many of his fellow ministers when he said: "To me the attendance today is the greatest tribute to the power of publicity that I have ever known. To the newspapers more than to any other one source is due the tremendous response to our pleas for a full attendance; to our request that at least one day in one year shall wholly belong to the Master." At the Linwood Presbyterian church an overflow meeting of four hundred was necessary.

The Rev. C. A. Arnold of the Grace Presbyterian church got ten new members without a plea. They just came forward under "the spirit of the day," he said. "It was the spirit of Christ. In my ministerial experience here and elsewhere I have never seen it bettered."

The Rev. Frank Smith of the First Congregational church said the "Go-to-Church Day" far surpassed the student volunteer movement in religious importance. "There is no comparison," he said. "There was never such a day in the history of Kansas City—or, I think, of any other city. One hundred old members who had gotten lax in their church attendance and whose faces I had missed I had with me today. To its successful accomplishment too much praise cannot be given to the Kansas City Star. Of all the good things it has accomplished, none has been so great and good. Colonel Hunter's editorial will rank high in published religious exhortation."

This editorial which was given to the press in advertising form was commented upon at seven of the church services yesterday morning.

Colonel Hunter today has the joy uncommon to prophets in their own country—a prophecy fulfilled.

"A half million souls will," he said, "come within the radius of this splendid influence and the amount of calm reason, thought and reflection caused by this solid phalanx will raise the average of mankind.

"As a unit of power you chould be in the ranks tomorrow.

"On Monday telegraph and cable will give the widest publicity to the news, and tell people of all castes, color and estate what Kansas City people can do when they unite for one purpose.

"Let us astound the world with the magnificence of numbers, the significance of the move and the loyalty of our free people to the institution and the cause it stands for."

"Never," said one preacher, "has God been so near Kansas City."

The effect of this enormous amount of religious pressure on Kansas City cannot be overestimated. It is certain that of the eight thousand forme members who went back to a churct for the first time in years many hundreds, in addition to the thousand odd who notified ministers of their intention to do so, will rejoin. At least thirty thousand of the attendance in the greater city was of persons who had not been in a church for more years than they cared to tell about. That the day will result in at least twenty thousand new or revived church memberships was the estimate of one of the conservative ministers.—Kansas City Times.

Some Telephone Facts

Recent issues of the two local daily papers have contained "communications" regarding matters in controversy between members of the board of managers of the Peoples Telephone Union, in which reference was made to the Hanamo Telephone company. In a news article in the Maryville Daily Tribune of February 2, the following statements were made:

"Previous to the consolidation of the Hanamo and the Bell in this city the Farmers company had connection with the Bell long distance, but the service was discontinued when the consolidation was effected. The farmers have missed the convenience very greatly and the company has been endeavoring to get it restored for some time."

The unmistakable inference to be drawn from the statements quoted is that long distance service over the Bell lines, through the Hanamo Telephone company's switchboards, has been refused by these two companies since the consolidation of their local exchanges.

When the Hanamo Telephone company canvassed the subscribers of its own and the Missouri and Kansas Telephone company's local exchange in December, 1912, with a view to ascertaining whether the proposed merger of the two exchanges would meet with their approval, the assurance was given that the Hanamo Telephone company would live up to all existing written contracts which either company had with outside parties, if the consolidation was consummated. The same assurance was given to the mayor and board of aldermen of the city and to the public generally.

The article quoted therefore puts before the public the indirect charge that the Hanamo Telephone company has been guilty of a breach of faith with its subscribers, with the Bell subscribers, with the mayor and board of aldermen, and with the general public.

As this charge is wholly unfounded, the Hanamo Telephone company feels it owes it to itself and to the public to state that it has not refused to furnish long distance service over the Bell lines through its own switchboards to the subscribers of the Peoples Telephone Union. Furthermore, it always has been and still is ready to do so.

When the consolidation of the Bell and Hanamo local exchanges was effected on January 1, 1913, there was outstanding a contract between the Missouri and Kansas Telephone company and the Peoples Telephone Union for interchange of local and long distance service at a switching charge of 5 cents per local connection and a commission on long distance toll charges. The contract was dated July 30, 1910.

The sixth clause of this contract provided:

"This contract shall be and remain in force until the first day of August, 1911, and thereafter for terms of one year each unless thirty days written notice shall be given by one party to the other, of an intention to terminate the same at the end of any such period, unless sooner determined, as herein provided."

On June 28, 1913, the Peoples Telephone Union served the Hanamo Telephone company with written notice, as provided in the above quoted clause of said contract, that they desired to terminate the same on August 1, 1913. At 7 a. m. on that day the service was refused us by the Peoples Telephone Union, and they later discontinued the trunks between the two offices.

At the next meeting of the board of managers of the latter company, representatives of the Hanamo company appeared and requested them to reconsider this action and continue the contract, but to no avail. They then expressed their willingness to confer with the Peoples Telephone Union as a body, or with a committee appointed by them, for the purpose of formulating a new contract agreeable to both parties, but this was also declined. The Hanamo Telephone company made several attempts to arrange satisfactory terms for local and long distance connections between the two exchanges. The Bell company also had representatives here in the interest of a toll connection.

The Hanamo Telephone company also offered them a proposition to take their lines into their system, meeting them at the city limits and furnishing all wires, poles, instruments and equipment within the city limits, and all directories and switchboard service, at the same rate the subscribers of the Peoples Telephone Union are now paying—50 cents per telephone per month, without any liability for any assessments of any kind. They refused to consider any of the propositions made them, and ever since have persisted in the same attitude.

MARY DUNLAP IS GREAT.

Toasted at New York Banquet as One of Four Strongest Women in Business World—Reared in Maryville.

Miss Mary Dunlap of Chicago, with the Carson-Pirie firm, whom many Maryville people will remember as the daughter of Mrs. Lillie Nelson, who conducted a millinery business for several years in this city, is regarded as one of four women who are the strongest of their sex in the world of buying and selling goods. And she heads the list.

Miss Dunlap has been with the Chicago firm several years and has charge of the firm's business in foreign markets. She makes two buying trips a year to Europe, and takes her mother with her.

Mrs. Nelson is the daughter of the late Mrs. Catherine Walker of Maryville. Their home was at 1222 East Second street, west of John Wallace's residence, and it is still known as the Walker place.

Mary Dunlap grew from babyhood to girlhood in Maryville, and was known by everyone, more because of her beautiful appearance rather than personal acquaintance, for her disposition was retiring and completely unassuming. She attended the public schools and from childhood was a devoted attendant on the Sunday school and other services of the Buchanan street Methodist church. She did not finish the high school, but attended Ewing's Business college and took the business course. At the age of 15 she was ready to take a position in the city, and with her mother went to Kansas City to begin the struggle to retrieve a broken fortune. She was a success from the start. She was successively employed at Doggett's, Peck's and later with Emery-Bird-Thayer, where her fine ability in buying and selling was discovered. She was a favorite everywhere, her charming personality, enhanced by a fine, strong Christian character that has always been her chief asset, winning an enviable place with all her business associates.

Her place in the business world has not been told by herself. The fact came out a few days ago in a story in the Kansas City Star that contained an interview with a successful Kansas City business woman, Miss Rose Esterly, who employs 200 girls and women in her business that is limited to the needs of women. Miss Esterly has made remarkable progress in business and is still a young woman. She began at the age of 15 at a handkerchief counter and is now on an income.

Not long ago, at the big dinner given for the principals of trade in New York City, four women were toasted as the strongest of their sex in the world of buying and selling goods. They were named in the following order. Our Mary Dunlap, with Carson-Pirie of Chicago; Miss Rose Esterly of Kansas City; Miss Mary Walls of the John Wanamaker store in Philadelphia, and Mrs. Cox, with Marshall-Field of Chicago.

In an interview Miss Esterly granted the Kansas City Star reporter, she said:

"There is one fact in business success that took me a long time to learn." "It was the value of locking my business cares into my shop at night, instead of taking them home with me. 'Leave your business at 6 o'clock. Don't give it a thought until you return to the store in the morning,' is the advice I give my employees."

"I was saying," she continued, after a small avalanche of interruptions, "that modesty is a great factor in success in anything. I want to emphasize that. For the moment any woman or any man either sees her or himself in the light of a successful being—a person in an impregnable fortress of success—he had better look out. It is well always to remember the ravening monster—to watch for the hidden teeth. Snobbishness is as harmful as conceit. The business woman should be sympathetic above all things, and she need sacrifice none of her womanly qualities to her business career. I am glad to say that I am in as close contact with my youngest stock girl as with my head suit buyer, and that I will as quickly take a suggestion from her."

Miss Esterly leaves the impression that she will go much further than she has yet gone, and that her large business vision—business imagination, to be accurate—will keep her always seeing a tremendous way ahead of her. Where the girl of 15 used her imagination to work a bluff in buying handkerchiefs, the woman will construct business chances understandingly, take each step where the footing is secure.

HIGH SCHOOLS GET A FUND

Missouri Cities Having Normals Are Not in List for Aid.

Practically all of the high schools in cities and towns of any size in Missouri, except those towns where state normal schools are located, will receive portions of the $25,225 of state money released today by State Auditor Gordon, on the authorization of State Superintendent of Schools Evans. The money is to aid in the establishment of teachers' training courses in high schools, and goes to schools where there has been compliance with the law passed by the last legislature. The money is awarded, however, only after the courses have been inspected and approved by the state superintendent.

So far as is known there was no provision preventing Kirksville, Maryville, Cape Girardeau, Warrensburg and Springfield from establishing the course and sharing the fund, but as a matter of fact that amount of money received from the state would not cover the expense of the course, and the towns containing normal schools took the position that it would be poor policy to have teacher courses when the big state institutions for that purpose were so close at hand.

The money released goes to the following towns:

Savannah $375; Mexico $300; Vandalia $300; Monett $375; Lamar $375; Butler $375; Centralia $300; Columbia $300; Poplar Bluff $375; Hamilton $375; Fulton $375; Jackson $375; Carrolton, $375; Eldorado Springs, $375; Brunswick $300; Salisbury $300; Liberty, $375; Jefferson City, $375; Plattsburg $375 Boonville $375; Greenfield $375; Gallatin $375; Salem $375; Campbell $300; Malden $300; Washington $375; Albany $375; Trenton $375; Bethany $375; Clinton $300; Windsor $300; Fayette $375; West Plains $375; Ironton $375; Carthage $200; Joplin $200; Webb City $200; De Soto $375; Holden $375; Edina $375; Lebanon $375; Lexington $375; Aurora $375; Troy $375; Brookfield $375; Chillicothe $375; Macon $375; Fredericktown $375; Hannibal $300; Palmyra $300; Princeton $375; Eldon $375; Charleston $375; California $375; Monroe City $300; Paris $300; Montgomery City $375; Neosho $375; Bowling Green $375; Weston, $375; Bolivar $375; Unionville $375; Perry $375; Huntsville $375; Richmond $375; Doniphan $375; Flat River $375; Marshall $375; Memphis $375; Shelbina $375; Dexter $375; Nevada $375.

FIVE-MINUTE CURE IF STOMACH IS BAD

When "Pape's Diapepsin" Reaches Stomach All Indigestion, Gas and Sourness Disappears.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advertisement.

Good Prices at Sale.

Everything brought fairly good prices at the J. M. Lee sale Wednesday. Two span of mules sold for an even thousand dollars. One span brought $492.50 and the other span was sold for $507.50.

A milch cow sold for $103. She was well bred, but sold only as a good milch cow. The sale totaled a little over $3,000, and every dollar was paid in cash.—Skidmore New Era.

COUGH TWO YEARS OLD.

Yields to Vinol—Read Why.

Strong, vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your run down condition again?

Mrs. D. A. McGee of Waycross, Ga., says: "I had a chronic cold and cough which kept me awake nights for two years and I felt tired all the time. Vinol cured my cough and I feel stronger in every way."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood building iron added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system.

You can get your money back any time if Vinol does not do all we say. Orear-Henry Drug Co., Maryville, Mo. —Advertisement.

Envy.

All the children on our block,
Just exceptin' me,
Have had the mumps and measles,
And they're proud as they can be.

I never get the measles,
Nor nothin' nice like that;
I just keep on bein' healthy,
And gettin' big and fat.

And all the others have some folks
What's dead and in the sky,
But no one in my family
Was ever known to die.

My father's never out of work,
My mother never faints;
We must be awful common,
'Cause we ain't got any complaints.

Dr. J. E. Neely Writes.

Editor Democrat-Forum: Find postoffice order for $1, for which please send me the paper. It might be of interest to you to know that I am in the best of health that I have had for years; in fact, the best of my life. I am on duty twenty-four hours each day; that is, I am subject to night calls. Am studying all the time. Am on the fifth month, with bright prospects of being able to do my time to get back to my work. I am proud of my standing with the officials of this place, as I have been allowed to go outside alone to visit patients (charity, of course) since my third week here. Went out to see one patient every day for twenty-four days and patient got well. If I could have had a personal acquaintance with Judge Ellison and George Pat Wright, I feel sure they would have been more lenient with me. However, I hope they will see fit to say a word for me soon to the board. By getting your paper each day I can keep up. J. E. NEELY, M. D.
